Dear Mr. Rosenthal:

On behalf of the Youth and Education Committee of our congregation, I want to thank you for the presentation you made to us at our breakfast on May 7th.

The issues and concerns raised by the abuse of the Internet are profound and some of the consequences are truly frightening. I believe you sensitized all of us to the dangers inherent in ignoring this kind of behavior. Your excellent presentation was quite comprehensive and illustrative, providing us with new insights and pointing out approaches to dealing with these problems.

Best wishes for a Chag Sameach and thank you very much again.

Sincerely,

Carl Heit

Chairman, Youth and Education Committee
